FLOYD BENNETT DIES; LOCKHART, RACER, IS KILLED

HOOVER TAKES 31 DELEGATES

Today
Herbert Mr. Dempsey
Lindbergh in the Air
Proud of Her Boy
Ask P. M. Woolley

BY ARTHUR BRISBANE
JACK DEMPSEY, looking cheerful
and as powerful as he ever did, took
a tolerant view of Shakespeare. "It's
right if it helps his racket."
Asked whether he likes the words of
Shakespeare, the Manassas Mauler re-
plied, "Never had the pleasure."

FLOYD BENNETT, courageous
American pilot, is dead in
hospital. Double pneumonia
the result of his undertaking, in spite
of doctors' warnings, to fly to the
rescue of the Bremen crew.

Lindbergh, taking pneumonia serum
from his friend, Floyd Bennett, hopped
from Long Island yesterday after-
noon as casually as you would walk to
the nearest drug store.

THE mother of Captain Wilkins, who
flew over the North Pole recently,
told my boy George has done what
most out to do. We mothers don't
know much, but we feel a bit.

Mrs. Wilkins thinks her son "made
up of what he learned in a little
country school than many men have
able to make of a college educa-
tion." He built character in that little
school.

The public school is the American
child of real opportunity.

HAVE you horses or cows? Ask P.
M. Woolley, builder and head of
the American Radiator Co., about his
development of a vacuum cleaner for
horses and cattle.

This writer, after tests, finds that
a vacuum process cleans horses and
cows to perfection, better, more quickly
and economically than could be done
by hand.

ALL dust, including horse hair, is
carried into a receptacle by air
suction. Horse barns and cow sheds
can be kept in perfect order, produc-
ing milk made easier, by the new
method. And groomers no longer are
forced to breathe in the dust as they
brush the animals. Those that can af-
ford the machine should use it, and in
cases of any size its use should be com-
pulsory—it takes dust-breeding flies
out.

THE German Luftwaffe, greatest
commercial flying enterprise on
earth, intends to build a hydroplane
able to land on and start from the
deepest water.

Germany has announced his inten-
tion to spend at least a million dollars
on one airplane, to carry twelve en-
gines, 100 passengers and a machine
gun, and to cross the ocean and go half
way around the world without landing
anywhere.

GREAT ARCTIC FLIER VICTIM OF PNEUMONIA

Succumbs in Jeffrey Hale Hos-
pital at Quebec; Byrd
Grief-Stricken

DIES IN LINE OF DUTY

Contracted illness as He
Rushed to Aid of Bremen
Aviators

BULLETIN

Quebec, Que., April 25.—De-
pressed over the death of Floyd
Bennett, Col. Charles A. Lind-
bergh hopped off from the Plains
of Abraham at 11:25 o'clock this
morning, proceeding directly to
New York. Lindbergh had raced
here in an airplane with serum
for Bennett. He had nothing to
say as he climbed into the cockpit
and shot his plane off in a
southerly direction.

Quebec, Que., April 25.—Floyd Ben-
nett, internationally famous aviator and
conqueror of the North Pole, died at
10:53 o'clock this morning in the Jeffrey
Hale Hospital, of pneumonia which he
had contracted in the line of duty.

Bennett was 28 years old. He was
born at Lake George, N. Y., on Oct.
25, 1899, and his present home was in
Brooklyn, N. Y.

He was one of the most courageous
aviators whose name has been written
indubitably in the annals of aviation
progress. His greatest achievement was
when, as pilot for Commander Rich-
ard E. Byrd in 1926, he flew to the
North Pole—the first time this epic
feat had been accomplished.

DIE IN HARNESS

FLOYD BENNETT

FRANK LOCKHART

END COMES AS FAMOUS DRIVER SEEKS RECORD

Thrown Clear as Car Somer-
saults When Tire Blows
Out

SPEEDING AT 203 MILES

Motor Ace on Return Trip
Down Beach as Accident
Occurs

Daytona Beach, Fla., April 25.—
Frank Lockhart, one of the world's
most famous racing drivers, was fatally
injured shortly after 7 o'clock this
morning when his car somersaulted as
he was making an attempt to break
the world's speed record.

Lockhart was thrown clear of the
Sting Blackhawk as it turned over the
first time but received injuries from
which he died shortly after reaching the
hospital.

It was at first believed that the light
construction of the front part of the car
caused it to "flip" with the powerful
rush of speed beneath it, but examina-
tion of the car, which was almost
demolished, proved that a rear tire had
blown out.

On Return Stretch
Lockhart had gone south on the
smooth beach at an estimated speed of
about 203 miles an hour, the best time
he had recorded in any of his attempts
on the record—207 miles an hour—and
had started back on the north end when
the accident occurred in front of the
grandstand.

Last February Lockhart survived a
similar accident here, when the car
he was driving dived into the ocean
and somersaulted. He was rescued from
being crushed to death and drowning
at the time by another racing driver
who went into the water after him.

Yesterday he made six trials but the
highest speed he could attain was 191
miles an hour. He was confident he
would break the record in today's at-
tempt.

LOCAL DEMOCRATS POSTPONE RALLY

Congressman Davey To Speak
Here May 7 Instead of
April 30

The opening Democratic rally of
this year's campaign in Marion Coun-
ty, originally scheduled for Monday,
April 30, has been postponed until
May 7, the committee in charge of ar-
rangements announced today.

The change was made following re-
ceipt of a communication yesterday
from Congressman Martin L. Davey
of Kent, who is to be the principal
speaker at the rally, in which he ex-
plained that business at Washington
will necessitate his presence there on
April 30. Important legislation is
coming up at that time and it is es-
sential for him to be on hand for the
proceedings, he stated.

Davey, who recently announced his
 candidacy for the Democratic nomina-
tion for governor, is expected to give
two speeches here on May 7. One
will be a talk on the subject of for-
estry to pupils of the local schools.
Davey is recognized as one of the
country's leading forestry experts.

Plans are being made to hold the
Democratic meeting at night following
a banquet. The meeting place has not
been announced but the hall to be se-
lected will be large enough to accom-
modate an audience of several hundred
persons, the committee states.

In his speech at night, Davey will
discuss political and governmental
issues. The general public is to be in-
vited.

Secretary of Commerce Scores Big Victory in Ohio Primary Race; Vote in Marion County to Willis

COUNT HERE IS ONE-SIXTH OF NORMAL TOTAL

Approximately 1,745 of Local
Electorate Go to
Polls

NEAR LOW RECORD

Willis Leads by Margin of 149
in Presidential Prefer-
ence Vote

One of the smallest votes ever polled
in the city and county precincts marked
the presidential preference primary in
Marion County yesterday. With ap-
proximately 1,745 voters out, the num-
ber was less than half of the average
primary vote and about one-sixth of the
normal total at general elections.

Only 739 Republicans turned out for
the primary in the city while in the
country the number was 403, making
a total of 1,142. Three hundred fifty
Democrats voted in the city. The coun-
try Democratic vote was 253, making
the total 603.

The Democratic vote was exception-
ally light, due to the fact that there
were no contests. In many precincts
the only Democrats to vote were the
precinct judges. Sixteen was the high-
est Democratic vote cast in any one
precinct. Only 15 precincts in the city
recorded more than 10 Democratic votes.
Eighty country precincts out of 37 re-
corded more than 10 Democratic votes,
the highest being 22.

In August, 1925, the primary vote
was 3,822 for the entire county while
yesterday the entire vote was only
1,745. The 1924 vote was divided as
follows: Republican—city, 1,334;
country, 693; Democratic—city, 1,193;
country, 422.

Lack of interest in the primary that
prevailed throughout the entire day
was in evidence last night. The usual
election crowd, missing from the
streets and few telephone calls were re-
turned to Page 5

REPORT DATE SET FOR RAICHLEY CASE

June 11 Announced as Time
for Hearing of Will Con-
test Suit

The Raichley will case is scheduled
to come to trial in the Common Pleas
Court of Wyandot County on June 11,
according to information received from
Lyle Sanderby today. The case was
moved from the Marion County Court
when attorneys for the plaintiffs ob-
tained a change of venue. The date
for the trial was originally set for Feb.
20 but was removed from the assign-
ment.

The case came into court, when
relatives of the late Burr Raichley at-
tempted to contest his will, which leaves
a large portion of his estate to Marion
Masonic Temple Co. and the Marion
Federation of Women's Clubs.

PLEDGE UNBROKEN
Aged Man Wears Flowing Hair and
Long Whiskers to Death

MIDDLEPORT, April 25.—John
Behan, 65, who declared dur-
ing the Civil War that he would
never cut his hair or shave until
the south had won, died at his
home here with his pledge un-
broken. With his flowing hair,
and long, white whiskers, Behan
was a picturesque village character
and had been active in politics in
this vicinity for many years.

HERBERT C. HOOVER

Tomb Guard Honored at Farewell Meeting Held by American Legion Post

Presentation of Gifts Features Program Planned for 10th In-
fantry Detachment; Will End Four-Year
Service Here May 1

Officers and members of the 10th In-
fantry Detachment on guard duty at
the Harding Tomb were guests of honor
at a farewell party given last night by
Post 104 of the American Legion, a special
program having been arranged for the occasion.

The detachment, which has been on
duty here approximately four years,
will terminate its service on May 1.
Last night's event was arranged as an
expression of appreciation from the
Legion.

Presentation of gifts to Lieutenant
Walter L. Sherley, the detachment's
commanding officer, to Mrs. Sherley
and to Dr. J. W. McMurtry, com-
mander of Bird McMurtry Post, were
outstanding features of the program.

Enlisted men of the guard presented
Lieutenant Sherley with a beautiful
silver loving cup and Mrs. Sherley was
the recipient of a silver fruit bowl.
Both gifts were engraved with in-
scriptions expressing the esteem and
well-wishes of those making the presenta-
tion.

Officers and members of the guard
presented Dr. McMurtry with a gold
watch and gave the Legion Post a
framed picture of the detachment for
the Legion Dugout on S. High-st.

Motion Pictures Shown
This part of the program, given in
the Harding House at 65, Paul's Ep-
iscopal Church on S. High-st., also in-
cluded showing of motion pictures of
the honor guard's service here. The
recess opened with arrival of the
Harding funeral train in Marion and
set up to the present time. The pic-
ture turned to Page 5

BARON WRANGEL DIES
IN BRUSSELS VILLA

Russian White Army Leader
Had Been Waiting To
Launch Attack

Brussels, April 25.—Baron Peter
Wrangel, leader of the Russian White
Army that made war against the Red
Army in Southern Russia in 1920, died
here today.

He had been living quietly in a villa
on the outskirts of the city for several
years, awaiting an opportunity to
launch a new military movement
against the Russian Communists.
Baron Wrangel had been ill for sev-
eral months.

FINAL FIGURES HANG ON 10TH DISTRICT VOTE

Will Either Give Willis - Forces
20 Delegates or
Hoover 33

AL SMITH FAVORITE

Democrats Give New York
Candidate 2 to 1 in
Balloting

Columbus, April 25.—That Herbert
Hoover will have at least 31 of the 51
votes in Ohio's delegation to the Re-
publican national convention was in-
dicated by practically complete un-
official returns this afternoon.

Although Co. Carm Thompson, who
managed the campaign for the Willis
delegates, expressed belief that the
Willis forces elected 20 delegates, un-
official returns placed the outcome of
the contest between the Hoover and
Willis candidates in the Tenth Ohio
Congressional District in doubt. The
Tenth is a rural district.

If the two Hoover candidates were
elected in the Tenth district, the Ohio
delegation will give Hoover at least 31
votes. Anti-Hoover forces here this af-
ternoon were including the Tenth dis-
trict in their chain of victory for 20
anti-Hoover delegates.

Chosen by 2 to 1
On the basis of available returns,
Hoover is the choice of Ohio Repub-
licans for the presidential nomination,
leading his nearest opponent in the
presidential preference vote by a mar-
gin of more than 2 to 1.

All seven Hoover candidates for dele-
gates-at-large appear to be elected, de-
feating the Willis candidates by ma-
jorities greater than 2 to 1.

Tabulation of unofficial returns re-
ceived by the secretary of state's office
early today from 6,317 of Ohio's ap-
proximately 8,700 precincts gives:
Republican presidential preference
votes:

For Herbert Hoover, 154,906.
For the late U. S. Senator Frank B.
Willis, 49,018.

For Attorney Otto J. Ross, Colum-
bus, 5,190.

Names of Vice President Charles
Dawson and former Gov. Frank Lowden,
Illinois, were written on the ballot by
about 4,000 voters, divided about even
between the two men. A few scattering

POMERENE LEADS IN COUNTY'S VOTE

Is Designated Presidential
Choice of 186 Democrats
in Local Primary

Allen Pomerehne, Cleveland, former
United States Senator from Ohio, is
the choice of Marion County Demo-
crats for president, according to the
unofficial vote cast at yesterday's pri-
mary.

Pomerehne polled a total of 156 votes
in the county. Governor Alf Landon
was second, with 4 total. 125.
Governor Al Smith of New York was
only two votes behind Ohio's Governor
Ohio scattered votes went to George
Wahle, 18; James Lloyd, 21; and James
Wahle, 11.

City and country votes for the
three leaders follow:
Pomerehne, city 100, country 56;
Dawson, city 50, country 21;
Smith, city 101, country 24.

William E. Martz, Democrat's re-
sults for delegates from the Tenth
Congressional District, with 200 votes
was high over the running vote. Earl
E. Watson, who received 200 votes
Two were to be elected.

As candidates for district delegate
alternates, Frank Wiedemann, county
prosecuting attorney, polled a heavy
vote. Five hundred and forty-four
members of the county, polled as he
before Wiedemann's name. Charles B.
Chilcote, the other candidates for alter-
nates, received 245 votes.

RELATIVE OF COOLIDGE
IS ILL IN SAN FRANCISCO

to climb over a couple between two
cars of a freight train and was thrown
under the wheels. A wife and four chil-
dren survive.

Sewer Outlet Believed to Be One of Chief Causes of Pollution is Discovered

Inspector Reports Sanitary Sewage from 400 Homes Emptying into Storm Water Line in Oakland Heights

It is believed to be one of the most serious violations of the sanitary code in the history of the city, and is regarded as a major cause for pollution of the city's water supply.

The reason for the discovery was a complaint from a resident of the Oakland Heights section, who reported that the water in his bathtub was foul-smelling.

The inspector found that the sewage from 400 homes was emptying into the storm water line, which is used for the city's water supply.

The inspector found that the sewage from 400 homes was emptying into the storm water line, which is used for the city's water supply.

GOOD FELLOWSHIP CLASS MEMBERS HOLD MEETING

Members of the Good Fellowship class of the Commercial Union Church held their regular meeting at the home of Mrs. J. C. Under, Tuesday night. The devotionals were in charge of Mrs. Anna Walcott. The president, Mrs. Harry Under, gave a reading, "Jim and Me". During the business session which was in charge of the president the plans for the Good Fellowship class for the coming year were discussed. Refreshments were served by the members. The next regular meeting will be held on May 15th.

BIBLICAL STORY GIVEN BY LEAGUE MEMBERS

Prospect, April 25—The defense of Paul, the Apostle, before King Agrippa was dramatized at the Prospect Methodist Episcopal League Sunday evening. Ruth Harrison delivered the narration of Paul's story. Harry Reynolds portrayed "Agrippa"; Lucius Northrup, "Festus"; M. A. Pomeroy led up to the dramatic action in a short talk on the "Life of an Episcopalian". The election of officers for the ensuing six months will be held next Sunday. It was announced.

MERGER OF WATERWORKS PLANTS IS APPROVED

Columbus, April 25—Authority to merge waterworks plants in Massillon, Circleville, Washington, C. H., Marysville and Struthers has been granted by the State Utilities Commission to the Ohio Water Service Company of Massillon, it was announced today.

Beech News

Beech—Mr. and Mrs. Harry Dyke, Mrs. Florence Wheeler, Marysville, Missos Vera and Eva Dyke and Daniel Dyke, Marion, spent Sunday with Mr. and Mrs. E. W. January.

Mr. and Mrs. Frank Lehner and daughter, Edith, and son, Benjamin, were visitors Saturday of Mr. and Mrs. Lewis Lehner, south of here.

Mr. and Mrs. Britton Ault and family, Mr. and Mrs. Frank Bahwin, Marion, visited Sunday with Mr. and Mrs. Jerome Ault.

Mr. and Mrs. David Gompf and family were Sunday guests of Mr. and Mrs. Jacob Gompf and family, Cardington. Howard Lehner spent Wednesday at the Lewistown Reservoir, Logan County.

Mr. and Mrs. Bart Tennant, Marengo, Mr. and Mrs. George Metzger, Centerburg, were called to the home of Mr. and Mrs. William Fairchild on account of the illness of Mrs. Fairchild.

Mrs. Elizabeth Groves, Calceonin, and Mrs. Harley Ault and sons, Francis and Wilbur, spent Sunday with Glen Groves at Columbus.

Mr. and Mrs. Jesse Underwood, Marion, were Sunday afternoon visitors of Mr. and Mrs. H. H. Klinefelter and family.

Mr. and Mrs. Grant Key were guests Monday of Mrs. Key's mother, Mrs. C. H. Cromer, at Marion. They also visited at the home of Mr. and Mrs. Fred Rottger.

Mr. and Mrs. Frank Lehner and daughter, Edith, and son, Benjamin, visited Sunday at the home of Mr. and Mrs. Otto Schlager, near Wadon.

Mr. and Mrs. G. H. Glanzer were Sunday guests of Mr. and Mrs. W. H. Roberts and family, Calceonin. The Salem Ladies Aid will hold an all-day sewing Thursday at the community house.

Louis Wescott spent a few days with Mr. and Mrs. C. H. Motz, Marion. Mr. and Mrs. C. W. Jacoby, Wadon, and Mr. and Mrs. Harry Witzel spent Sunday in Columbus.

G. W. Sergeant, Harley and Omer Klinefelter spent Saturday at Fostoria.

Miss Lucella Witzel spent Sunday with Mr. and Mrs. Benjamin Witzel, north of Wadon.

Rev. James E. Campbell of Salem is assisting in the song service with the Petticoat Evangelist Party at the revival services held in Columbus.

WOMEN ON BOND

Fifty-one Plead Not Guilty to Charges of Rioting
St. Charles, April 25—Fifty-one women were marched into the County Jail here last Saturday, were at liberty under bond today pending action by the County Grand Jury. The women came here from Mutton Hollow to protest against the imprisonment of a number of men arrested for participating in "Save the Union" demonstrations. The women marched into jail and demanded that they be allowed to visit the prisoners. They were allowed to enter the jail and the doors were then closed behind them. All pleaded not guilty yesterday to charges of rioting and some were released on \$200 bond and others on \$500. All but two were allowed to pledge their own bonds. About 30 had to walk back to their homes in Marion Hollow.

Be Convinced

See This Striking Demonstration of How Tontine Window Shades Can Actually Be Washed

On Friday, April 27, (Dollar Day), we'll hold a fascinating demonstration at our store—don't miss it.

A demonstration to convince you that at last the perfect window shade has come—the one you've hoped for—always wanted—that's beautiful and lasting—that's easily kept clean.

This demonstration will prove right before your eyes that Tontine, this new window shade made by du Pont, can actually be washed — just quickly scrubbed with soap, hot or cold water, and a brush—kept fresh and clean and new despite the soil and grime of service.

Tontine contains no chalky filler, but is impregnated with pyroxylin (the material from which DUCO is made). It cannot crack or "pinhole." It withstands severest service.

Season after season its original beauty can be restored—renewed with soap and water. It's waterproof too—rain can't harm it, nor dampness make it limp.

At this demonstration the manufacturers will offer coupons which entitle you to a

Special Test Shade for Only \$1.00

This offer is for introductory purposes only and only one test shade can be sent to a home at this low price.

Streets of Marion WITH THE STAR STAFF

AN old patent for a 100-acre tract of land in Marion Township came to light late recently in the administrative office of the property of William J. Miller.

The patent was issued on April 22, 1821 and was signed by President James Monroe. The patent, as the original, was in the hands of the government in the year of 1822.

Monday evening, 100 years after

the signing of the original patent, the land was again in the hands of the government. The deed was written in correction with the original. The original was signed by Attorney General J. C. Calhoun. The patent was the original one of the land, passing from the hands of the government to the hands of the government.

John K. Miller was the original owner of the land, passing from the hands of the government to the hands of the government. The patent was the original one of the land, passing from the hands of the government to the hands of the government.

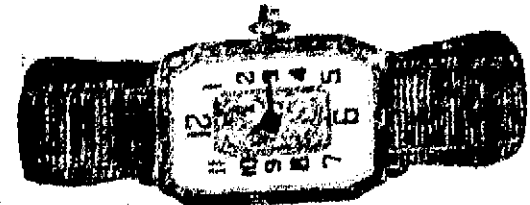

Monday evening, 100 years after

Teamwork Wins The Game!

In life, business, and sports there must be teamwork to win.

Business is a game.

Marion is a business. The business of Marion is to grow, to prosper and to foster the growth of industries. Every man and every business in Marion must work together to promote this growth.

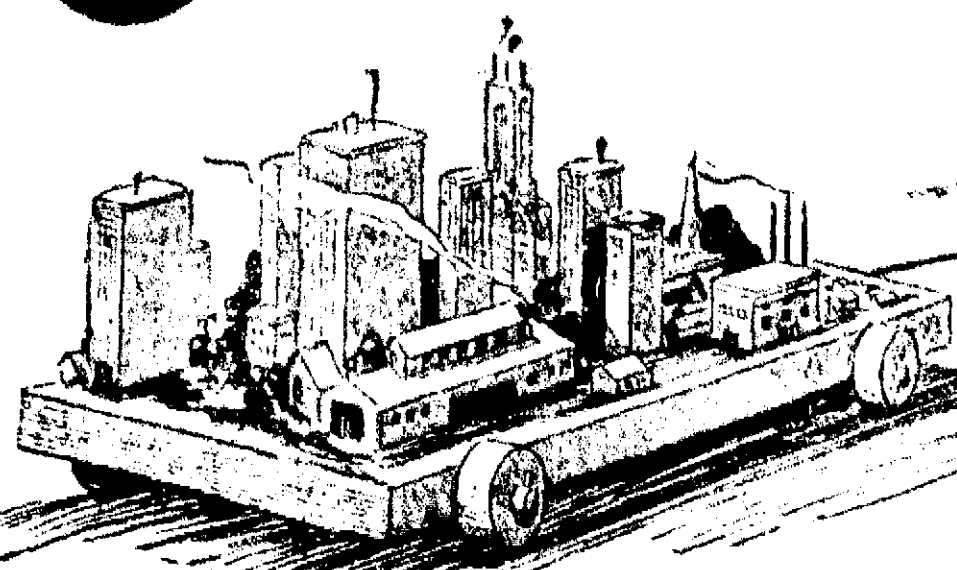

Your Gas Company is one of the team. It is eager to give to Marion an adequate and permanent supply of gas to help Marion win.

It wants to serve Marion in every possible way. It is the earnest desire to make Marion a place where industries will be glad to come, settle and grow.

That is the reason Your Gas Company is so anxious for you to recognize the fact that Gas Is Worth More.

GAS
IS
worth
more!

"Eager to Serve"

The Logan Gas Company
Marion, Ohio

July 22, 1928. The Marion County health commission is again warning citizens against the danger of "mad dog" attacks. The warning bulletin is being distributed as warm weather approaches.

Dr. N. S. Miller, Marion County health commissioner, explains that warm weather usually creates conditions which make animals susceptible to rabies. The danger, he points out, is in the fact that during the warm weather months the animals run at large in greater numbers than in the winter months, thus increasing the danger of the coming in contact with the public.

Marion County has never experienced anything resembling a rabid epidemic, although several years ago there was a serious spread of the malady in an adjoining county. Dr. Miller gave prompt attention to several cases which developed threatened signs of rabies last year and eliminated all possibility of damaging results.

In order to guard securely against the menace, health authorities say, it is necessary for the public to cooperate.

Last year in Ohio there were 11 deaths from rabies and six in 1926.

THE movement started by the Marion Real Estate Board for maintaining attractive approaches to the city on rural highways is in accord with a campaign which has been started by the state highway department, according to an announcement made at Columbus yesterday. In fact, local realtors seem to have originated the idea, having announced their program several weeks ahead of the highway director.

The director, George F. Schlesinger, has instructed all of his division superintendents to aim at highway cleanliness as well as beautification.

Grass seed is to be sown along the road shoulders and slopes and barrels placed along the thoroughfares as roadblocks for refuse.

Road marks are being repainted and trees trimmed wherever necessary to give travelers a clear view of the country.

Schlesinger has requested aid of the public in working out this program and that he will get this cooperation in the vicinity of Marion is assured by action already taken by the Real Estate Board here.

THAT a closer alignment is being effected between local labor forces and business interests is evident from recent activities of the Marion Central Labor Union.

In a communication sent to various stores and firms a short time ago, the Central Union issued a warning

just as the cap, insert the tube and the cap.

AUGUSTINE FILES FOR REPRESENTATIVE

Pleasant Township Man To Make Second Try for Democratic Nomination

D. I. Augustine, farmer residing in Pleasant Township, filed a declaration of candidacy for representative with the Marion County Board of Elections, yesterday. He will seek the Democratic nomination at the primary in August.

Augustine is the first Democrat to enter the race for representative. The only other entrant up to this time is Don A. Tongue, local attorney, who announced his candidacy for the Republican nomination Monday, when he filed his declaration with the county board.

Augustine was an unsuccessful aspirant for the Democratic nomination in the primary two years ago.

CONVENTION PLANS

Local Physicians to Attend State Medical Meeting in Cincinnati

Several members of the Marion County Medical Society are planning to attend the eighty-second annual meeting of the Ohio State Medical Association, to be held at Hotel Gibson, Cincinnati, May 1, 2 and 3, according to an announcement made today.

Notice of the meeting, urging a large attendance from this county, was received by local physicians today from Dr. A. S. Rudy of Lima, district commander of the state organization.

"Every medical man in the county is cordially invited and urged to attend," the notice states.

Among those expected to attend from here are Dr. S. W. Mattox, president of the Marion County Medical Society; Dr. Thomas H. Sutherland, secretary; Dr. R. D. Osborne, Waldo, delegate; and Dr. C. L. Baker, Kirkpatrick, alternate.

THREE HONORED

Marion County Students Elected to O. S. U. Scholarship Societies.

Three students from Marion are included in a list of 225 elected to honorary societies at O. S. U. this year to be honored at the annual "Scholarship day" exercises Monday night. It was announced today. Seventeen scholarship societies are to participate in the program.

The three, with the organizations to which they have been elected are, Donald T. Johnston, Tau Beta Pi, engineering; Dorothy Keller, Pi Lambda Theta, education sorority; and Warren C. Leeka, Sigma Xi, scientific.

PLAN INSTALLATION

New Officers of Moose Lodge To Take Posts at Next Meeting

Marion Lodge No. 889, Loyal Order of Moose, will install officers at a meeting to be held next Monday night. Plans for the installation were discussed at the regular meeting Monday night. A smoker and lunch following the installation to be one of the features of next Monday's meeting.

Two former Marion men, both members of the Moose lodge here, were visitors at the meeting last night. They were Clifford A. Smith, former secretary of the local lodge, of Mountsboro, Pa., and Walter Faux, of Lewisburg, Pa.

BABY FARM ORDERED

CLOSED AS INFANTS DIE

Bayonne, N. J., April 23.—The private baby farm of Mrs. Lillian August here was ordered closed today by Dr. William Brooke, Bayonne health officer, following his discovery that seven children taken from the place in the last 10 days have died.

All the infants died of one disease, acute inflammation of the intestines Dr. Brooke said. He announced he had given orders that nine other babies at the farm who are reported seriously ill of the same disease, be restored to their parents.

Star subscribers will greatly facilitate good delivery service by making all complaints to the business office, not to carriers. Phone 2214.

Daily Proverb—"Living well is the best revenge we can take on our enemies."

"I believe in life," says the Rev. Dr. Rueliff H. Brooks. Far be it from desire of ours to question the good doctor's conservatism.

A Chicago woman, who has attained the age of 104, says she eats anything she wants save meat, which, we take it, is her explanation of why she isn't any older.

Statistics show that, up to the present, 120 persons have flown across the Atlantic. The total will seem a bit large till it is recalled that 100 of them crossed in dirigibles.

Tom Mix has signed a contract to appear in eight pictures in two years for which he is to get \$3,000,000. Unlike those of a lot of the movie stars, Tom's stunts are real, and, unlike the salaries drawn by a lot of movie stars, his is paid in real money.

Scientists of the American Museum of Natural History of New York agree man quit hanging from the trees about 15,000,000 B. C., but this wet-dry business has certainly driven a lot of his descendants over here up a stump.

A Hoosier court has ruled that the fact that a wife leaves home to become a foreign missionary does not entitle her husband to a divorce. A lot of husbands probably wouldn't want divorces if their wives would show a little initiative like that.

A New York society woman enroute from the metropolis to Washington is out \$10,000 worth of jewelry, which she left in a small case on a train. We hope none of our good women friends will ever permit her indifference to riches to lead her into such inexcusable carelessness.

Mrs. Reginald Vanderbilt is reported to have restored the waltz to the higher-class Paris night clubs by asking the orchestra leaders to play waltzes, from which we may figure that Paris has returned to dancing. If we knew Gloria better we would cable her our felicitations.

"Captain George H. Wilkins, who recently made a 2,200-mile flight over the top of the world, says he saw nothing but snow and ice where tradition located the 'Lost Land' peopled by an Arctic white race. And thus another old legend goes into the discard.

The General Motors corporation is seeking the daughter of a man who left drawings for a pump engine which it is using when he went to the front in 1917 in order that it may pay her \$500,000. Yet there are people who denigrate all corporations as heartless!

An arbitration treaty between the United States and Italy has been signed by Secretary Kellogg and Italian Ambassador Martino, but that doesn't mean much, seeing that the senate has to pass on it.

The United States liner, Leviathan, maintained a speed of thirty knots an hour—over thirty-four land miles—for several hours on her last trip to Europe, thus establishing a record for vessels of her class, beating the record of the Olympic by 2.19 knots. Not so bad for an old one!

The parents of the nine-year-old Nebraska girl with a "bird throat," who has a range of two octaves and can reach high C easily, enabling her to imitate any bird perfectly, have refused a radio station offer of \$15,000 a year for a term of five years. There's no denying that a lot of radio programs could be bettered a bit by an occasional selection from a "bird throat."

Game Refuges.

Deputy State Game Warden Nelmeier's announcement that three tracts of land aggregating 239 acres had been added to the areas set aside in Marion county for game refuges is very pleasing, as is also his further statement that approximately 5,000 acres are to be devoted in this county to such refuges. Approximately 5,000 acres thus utilized means that in this county there will be approximately eight square miles in which game may find sanctuary.

And it must not be imagined for a moment that game will not find the spots where safety lies. It does not take time long to discover the places in which it is not disturbed by man; in which there is not ever-present threat of being shot down or trapped. The game of the forests and fields and the birds of the air are far too sharp to overlook such havens and make the most of them so long as they remain havens.

We do not know where responsibility for such havens in this state lies, to whom should be given the credit for evolving the plan, but whoever it may be, or may have been, he—possibly it was a woman or girl—is entitled to credit.

This great land of ours will never be what it should if it is denuded of the game native to it. Already far too much of our game has been destroyed.

A Mystery of Centuries Solved.

While it is true that some dictionaries define the Aurora Borealis as "the northern luminous meteoric phenomenon," it is itself by streams of light ascending from the northern horizon toward the zenith, and forming the form of an arc having its ends at the horizon," and at the same time define it as "pertaining to, or formed of, or like, meteor," almost any old-time operator knows that the "Northern Lights" are caused by an electrical disturbance. So great is this disturbance occasionally as to render telegraph service useless over great tracts of territory, and on a number of occasions during such a disturbance telegraph service has been maintained between great distances without batteries or other electric accessories used in line thereto. It has been stated, but we can not vouch for the truth of the statement, that during such a disturbance service was maintained between Chicago and San Francisco with every battery cut off.

But while many have long been convinced that the "Northern Lights"—hardly a good name since sometimes they rise toward the zenith from all points of the compass—were the result of an electrical disturbance, or rather, manifestation of one, how they are produced was not known until last week, when two Research Fellows at Princeton university explained the mystery which has baffled scientists for centuries, their ability to do so being the result of the accidental discovery of a new and nearly effective laboratory reproduction of "Northern Lights."

The two scientists making the announcement are Dr. Gunder Carle, a graduate of Göttingen university in Germany, and Dr. Joseph Kaplan, a graduate of Johns Hopkins university, both of whom are doing graduate study at Princeton.

According to information given out at the laboratory, Dr. Kaplan made the initial discovery. While working with various lights he found that in a definite mixture of oxygen and nitrogen an electric discharge greatly excited the recently discovered aurora green line of the spectrum and the red line of the spectrum.

The two scientists had previously experimented with most of the known laboratory methods of producing the aurora spectrum, in the hope of finding some means of creating the light from oxygen in sufficient strength to determine the atmospheric conditions essential for its appearance in nature.

Until Dr. Kaplan's recent discovery no means had proved effective enough to permit scientists to separate the aurora spectrum from the stronger radiations of oxygen, and experimentation on the atmospheric conditions necessary for the presence of the "Northern Lights" remained at a comparative standstill. Dr. Kaplan and Dr. Carle are now working with the artificially excited aurora spectrum in the hope of finding a satisfactory explanation on the physical conditions which give rise to the Aurora Borealis.

According to the theory now proposed by the Princeton scientists "active nitrogen," as it appears in the form of fertilizer or in the manufacture of explosives, may prove to be the cause of the "Northern Lights." The nitrogen in these phenomena transfers its energy to oxygen under certain conditions in such a way as to give rise to the Aurora Borealis.

Until three years ago the origin of the "Northern Lights" remained a mystery to scientists who tried in vain to produce them in the laboratory. Professor Vegard, Norwegian physicist, was credited with having produced the aurora spectrum from solid particles of nitrogen at the temperature of liquid air, but his theory was recently disproved by Professor J. C. McClellan, a Canadian physicist, who demonstrated its origin from oxygen.

Thus the scientists go on, year after year, delving into the secrets of nature. Sometimes, as in this case, the search for knowledge covers centuries before the desired result is attained. Sometimes centuries fall to bring the solution of this or that mystery which nature offers. But once in a while, as in the present case, the persistence of man prevails and what so long nature has held secret is revealed.

It has at last been scientifically demonstrated that the "Mona Lisa" in the Louvre is genuine. We have felt for some time that it was too ugly to be an imitation.

The Washington district court of appeals has refused a new trial to Vasillos I. Chebithes, against whom a jury returned a verdict of \$2,500 in the \$25,000 damage suit of his secretary for kissing her. To be on the safe side employers should insist upon a price schedule for such little evidences of undecorated when engaging their secretaries.

A Chicagoan, who has just returned from the interior of Africa, says the native chiefs down there are warning their people against emulating the awful wickedness of the "crime-ridden city" of Chicago. The story of that war on King George appears to have traveled far.

Scientists declare that the heat thrown off by the explosion of a pound of helium is equivalent to that made by the burning of 10,000 tons of coal. Considering the complaints regarding railroad rates, why couldn't we add to the batting average of the joy of living by equipping our furnaces for the use of helium?

Vagrant Verse.

THE HEART OF A BOY.

A little sun, a little rain,
A soft wind blowing from the west,
And words and fields are sweet again,
And warmth within the mountain's breast.

So simple is the earth we tread,
So quick with love and life her frame,
Ten thousand years have thrived and fled,
And still her magic is the same.

A little love, a little trust,
A safe anchor, a sudden dream,
And life as dry as desert dust,
Is fresher than a mountain stream.

So simple is the heart of man,
So ready for new love and joy,
Ten thousand years since it began,
Have left it younger than a boy.

—Stephen A. Brooks.

"RUN AWAY, JOHN, LET BRITANNIA RULE!"

The coming election in Great Britain will be open to more women voters than men voters since the passage by parliament of the measure commonly known as the "Votes for Women" bill. The bill gives the vote to women above the age of twenty-one instead of thirty as heretofore—census figures show that there are 2,000,000 more females than males in Great Britain.—News Item.

Not a Safe Guide.

BY ROYAL S. COPELAND, M. D.

In writing letters about their health many persons give out, or perhaps two symptoms. For instance, a correspondent says: "I have a pain in my chest," or "I have severe palpitation of the heart." Then he asks, "What is the cause of this trouble?"

Such symptoms are caused by a number of different conditions. Neither one is a definite and positive sign of any particular disease.

Pain in the chest may be the result of pressure due to gas formation in the stomach. This may seem strange, but on thinking it over you will see why such a disturbance in the stomach may cause pressure on the diaphragm and interfere with free lung action. The discomfort from this might be described as a "pain in the chest."

This symptom, too, might be due to muscle strain and have nothing to do with the interior of the chest. It might be caused by pleurisy or by some difficulty with the bronchial tubes or lungs.

Palpitation of the heart is another symptom for which there are many causes. If it is a temporary affair, occurring rarely, it is due probably to over-eating, the stomach, to fermentation, or to indigestion. A little bicarbonate of soda will be likely to relieve the immediate attack, and greater care in the eating habits will prevent repetition.

Excessive smoking, excessive coffee drinking, excessive exercise after eating—all these excesses are possible causes for palpitation. Worry, thyroid gland disturbance, nervousness, real disease of the heart, and high blood pressure are other causes.

You see it is difficult to give any conclusive opinion regarding the cause of a single symptom. It is impossible for a doctor to know what one or two unusual experiences mean. No wonder they puzzle the victim.

How would the doctor find out just why these annoying symptoms appear? He would do so by a careful examination of the patient. Otherwise he would be as much puzzled as the sufferer himself.

When symptoms like these or any other obscure ailments trouble you, tell it to your doctor. Tell him all about yourself. He will need to know everything if he is to deal with your case intelligently.

You must not be impatient with the doctor if he can not give you immediately and offhand a definite and positive reply as to the cause of your trouble. The watchmaker can't tell why your watch won't run by a hasty glance at the case. He must examine the works to find out what is wrong.

When you are out of kilter, uncomfortable and miserable have it out with the doctor. In the long run you will save money and suffering by early attention.

ANSWERS TO HEALTH QUERIES.

N. R. P. Q.—What causes the skin to itch and crack around the toes?

A.—This may be due to eczema. For further particulars send self-addressed, stamped envelope and repeat your question.

T. V. Q.—What should a girl of sixteen, five feet two inches tall, weigh? What should a boy of seventeen, six feet tall, weigh?

A.—How can the legs be developed?

A.—They should weigh about 114 and 150 pounds respectively.

2.—Exercise such as brisk walking, dancing, jumping, climbing should develop your legs.

H. J. M. Q.—What can be done for chronic headaches? They occur at the back of the neck, at the base of the skull, lasting about four days—this condition has persisted for twenty years.

A.—Headaches are due to a number of causes: eye strain, infection from teeth, tonsils and sinuses, constipation, indigestion, auto-intoxication, high blood pressure, kidney conditions or catarrh. A thorough examination should locate the source of the trouble so that it may be properly treated and cleared up.—Copyright, 1928, Newspaper Feature Service, Inc.

Dr. Copeland will answer for readers of this paper questions on medicinal hygiene and sanitation subjects that are of general interest. Where the subject of a letter is such that it can not be published in this column, Dr. Copeland will, when the question is a proper one, write you personally if a self-addressed, stamped envelope is enclosed. Address all inquiries to Dr. Royal S. Copeland, in care of this office.

A Real Platform.

Candidate running for the legislature in Missouri is delightfully plain in his campaign statements. He says in his announcement: "The first thing I'll do if elected will be to knock hell out of a lot of worthless laws, if possible."—Florida Times-Union.

Now therefore hearken unto me, O ye children: I have said, and ye have said, "Keep my ways."—Proverbs 8:32.

Prayer—O Lord, our help is in Thee.

The Way of the World.

BY GROVE PATTERSON.

Nothing is hard when you do it. At least it is rarely as hard as you think it will be. Procrastination throws a heavy shadow—a shadow which shuts out the light and makes every prospect gloomy. Tacks put off come back multiplied. Realizing that life is "one thing after another" and proceeding on that basis to get the thing done, quickly clears up the shadows.

We all continue to make a great fuss over a great many small matters. An Episcopal rector declares modern church weddings are becoming "pagan and vulgar." Now it would seem that whether a wedding is solemnized in church and accompanied by an enormous amount of flub-dub, or whether the ceremony is performed quietly and casually in the back room of the country workshop of a justice of the peace, doesn't make a particle of difference. Much of importance can be said about marriage. Little of importance can be said about weddings.

Behavior in marriage is the test. The other day in Chicago a well-dressed man was arrested because he left his wife and children in starving circumstances. His wedding may or may not have been in church.

Good and interesting news out of Wisconsin. In that state an examination of "giving" has been made. Returns from 5,000 taxpayers show the average contribution to charity, religion, and education is about five per cent. That is something to be proud of. But it is interesting to note that farmers, clergymen, and laborers lead in giving. Their percentage is twice the average—ten per cent.

Where charity, religion, and education need some heavy giving is on the part of those who can afford to talk in big figures. What most towns need is a disposition on the part of millionaires to do as well in proportion as farmers, clergymen, and laborers.

Modern thought tends to be against physical punishment for children. And probably modern thought in this respect is right. Bad reactions are likely to come from whipping children. Before you resort to that sort of punishment you ought to be pretty sure of the temperament of the child. Fact remains that the old-fashioned discipline apparently didn't hurt a lot of good men. John D. Rockefeller used to be spanked by his grandfather, so he says. John D. Jr., not only got it from his father, but he also received the expert attention of his grandfather. And both Rockefeller fathers have done fairly well despite a spanking handicap.

Editorial Opinion.

STILL LANCING THE NARCISSUS.

As nurse of the plant industry the federal horticultural board finds that American growers have enough of several kinds of narcissus to meet essential propagation needs; therefore it will refuse further entrance permits to foreign bulbs of those varieties. The narcissus embargo has been a modified murder of trade. The alleged pest danger has been tolerated to the extent of admitting large batches of bulbs for propagation—an indefensible indulgence if the pest were so acute as to warrant the exclusion of bulbs for general purposes. The pest risk, such as it is, has been cheerfully accepted by the pest bureau for the nourishment of home growth. The new restrictions indicate some success in fostering the American plantations.

It is not remarkable that the bulb quarantines are viewed abroad as a pretext to veil excessive protection of American products. In this country narcissus bulbs, moving from state to state, must be certified as free from disease, or be treated. The same precautions, if insisted upon, might safely be applied to imported bulbs. But that method would not further the desire of the federal horticultural board to make the nursery independent of foreign plant supplies, by forcing a hygienic statute to commercial channels.

In Holland and Belgium it is feared that our plant guardians have set their eyes on the tulip, suspecting that those independent growers of the "Low Countries" are too generous for the American market. Fortunately, the state department last fall woke up to the fact that the entomologists were exasperating friendly nations unduly by their meddling. There followed a wise understanding, a gentlemen's agreement that the nature of the department of agriculture would accept no plant quarantine affecting foreign trade without previous discussion with the department of state. So it is unlikely that the narcissus exclusion, which has raised ill feeling and prices at the same time, will be extended to the tulip. The growers have really an ally in the state department, and have something to be thankful for.—New York Herald Tribune.

He's Safe from That, Anyway.

Tom Healin is afraid of being poisoned. Something tells us you could do anything that man, however.—Dallas News.

Moseley's Great Discovery.

BY GARRETT P. SERVISS.

Will you explain about the constitution of atoms, and especially about the discovery of the party who, in England, investigated the matter, and who was killed in the war? Am sure many others would appreciate the information.—C. C. Jamaica.

The "party" you refer to was Henry Moseley, a young man who was killed in the war. He was a physicist, and he discovered the "atomic number" of which Millikan has also said that "it is perhaps the most beautiful and the most simplifying discovery ever made."

To fully understand this subject you need considerable elementary understanding of chemistry and physics, and it can only be presented in very brief outline here. But remember that it is a starting point for popular knowledge of the constitution of the atom, the basis of all matter. If you don't know what the atomic number means, much of modern scientific advance can only be confusing to you.

You probably know the ordinary spectrum of light, by means of a prism or a grating, of rays of varying wave-lengths are separated, and different chemical elements are found to radiate light of characteristic wave-lengths, by means of which the elements can be identified. Physicists also now employ what is called the "X-ray spectrum" to penetrate deeper into the constitution of the elements. The X-rays are too short to be diffracted by ordinary gratings, but they are dealt with by the aid of crystals from whose internal "faces" they are reflected in such a way as to reveal characteristics distinguishing the particular elements used as antiscatterers in producing the rays.

Now, Moseley's discovery was that the X-ray spectrum was similar for all the chemical elements, but that the frequency of vibration, or the wave-length of the corresponding lines in the spectra shown by the different elements, was proportional to a certain number, which increases in an arithmetical progression so that the number varies by unity from each element to the next, when they are arranged in the increasing order of their atomic weights.

Thus, starting with hydrogen, the lightest of all the elements, and calling its atomic number one, the other elements throughout the entire table, arranged in the increasing order of their atomic weights, run in the unbroken series one, two, three, etc., up to ninety-two, which stands for the heaviest, uranium.

For the general reader the most striking fact about the atomic number is that it corresponds with the number of revolving electrons in the atom of the substance to which it is applied. Thus, hydrogen has one negative electron revolving around its positive nucleus, and so its atomic number is one. Iron, which has the atomic number twenty-six, possesses twenty-six revolving electrons in its atom. The number for gold is seventy-nine, for aluminum thirteen, for iodine fifty, for radium eighty-eight, and so on. When you know the atomic number you know the number of electrons that revolve around the nucleus of the atom of the substance concerned, and vice versa.

One other thing may be mentioned. While the nucleus of every kind of atom is electrically positive, yet, with the exception of that of hydrogen, every nucleus contains some negative electrons also. But these are neutralized by an exactly equal number of the same kind of electrons revolving around the nucleus, so that the latter remains, as a whole, positively charged. As just said, however, the nucleus of the hydrogen atom appears to consist of pure positive electricity. It is the only example of its kind, and is sometimes called the proton, also the "alpha particle."

Why this peculiar constitution of the nucleus should exist is not known, but in ways not to be discussed here, it leads to an explanation of the peculiar substances called isotopes, which are identical in chemical character but differ in atomic weight.—Copyright, 1927, International Feature Service, Inc.

With the Paragraphers.

The Reason Why.

When they set out to hang a man in Canada they do it. And there aren't many gunmen in that happy land.—Detroit Free Press.

Latter Variety Rare.

We hear a lot about the man whose one idea is "me," but raise our cheers and hearts to one who substituted "we."—Boston Transcript.

Not So Dry.

The two national political conventions are to be as "dry as possible," which seems to intimate expectations of a moderate seepage.—Indianapolis Star.

The Mystery of Mysteries.

Eighty per cent. of the registered cars in the world are in the United States. But how do they find the same road of a Sunday afternoon.—Harrisburg Patriot.

Not So You Can Notice It.

The New York dog breeders who deny that ear cropping is cruel are unwilling, we assume, to undergo the operation themselves.—South Bend Tribune.

Hores of Many Varieties.

New York Day by Day.

BY O. O. MINTYRE.

New York, April 25—Loneliness is said to be responsible for the infinite variety of collectibles in New York. Almost every other man and woman is collecting something. A cartoonist has his studio walls covered with cigarette pictures, so popular during the Lillian Russell period.

One of the insurance executives with the growth of the chain cigar store began collecting discarded wooden Indian signs. He filed a small warehouse with them at a trifling cost, and whereas they were regarded as so much junk they are now of amazing value.

The broad-browed gentleman who began collecting the old-time five-and-dime novel thrillers found the idea was so impressive that he achieved an "exhibition" at the New York Public Library. Some of the penny-dreadfuls have been sold for as high as \$500.

Another collector has taken up the collection of the first editions of the gay little tabloids. The most valued is that of the sage of Peaches Browning and her illustrious Prince Charming. A runner-up is the tabloid version of the Snyder-Gray murder trial, with a stolen photo of Ruth leaping forward to the first shock in the chair.

These have been expensively hoarded and their value mounts. A Park avenue bachelor has a small room filled with every variety of shaving brushes. He is a world traveler and has picked them up in every port. One has a handle encrusted in diamonds, the property of a Hindoo potentate.

A hotel-keeper has a collection of restaurant menus from the smudgy-linked manifestations of the Bowers "dirty spoons" to the gold-embossed on vellum that graced a banquet where the Prince of Wales was guest of honor.

A pipe collection of a railroad magnate is reported to have set him back \$5,000 and he has never smoked. With prohibition came a craze for collections of oddly-blown liquor bottles. There is a shop on upper Broadway dealing exclusively in such treasures.

An imported mouth wash with a distinct flavor of anisette is being hawked by bootleggers who, of course, change the label and color it. The dentifrice retails at a dollar a bottle, but the bootleggers ask and receive \$10.

But the hot liquor item of the season comes a report a group of wealthy Long Islander have imported a famous Scotch distiller at a salary of \$30,000 a year.

Broadway, ever jealous of its ladies, has constantly frowned on those who "put in" dances. The method has been responsible for many black eyes. Young men from elsewhere where the custom is a fixed one are quite embarrassed when a request of this sort is met with a stony glare. Broadway has no use for a stag. If he can not find a lady for the evening, it is assumed there's something the matter with him and he does not deserve one.

An opera bouffe touch came to West Fifty-seventh street yesterday afternoon. A long-haired caramel and gray car with a half-canopied body drew up in front of a shop. A chauffeur in caramel uniform opened the door, and out stepped a Lilliputian, swinging a cane and pulling at a big cigar.

It was Sophie Tucker, I believe, who, when annoyed by a slightly hand-cuffed audience in Yaudville, stepped into the wings to let Singer's midgets waiting to go on. "It's tough enough," she complained to the stage manager, "to face an audience like that, but to make it a perfect day here I am knee deep in midgets."

Speaking of "tough audiences," the most feared by the traveling trouper is the first night crowd in Cincinnati. Boston is second on the list of "tough spots."—Copyright, 1928, by the McNaught Syndicate, Inc.

Dinner Stories.

Mrs. Fish—"I never worry about my husband paying attention to other women—he's carzy about me."

Mrs. Gish—"But perhaps he has lucid intervals."

"Don't bring me any more bills," said the husband, in despair. "I can't face them."

"I don't want you to face them, darling," replied the wife. "I only want you to face them."

CHURCH NOTESProgram is Announced
For Annual Institute of
Marion County W. C. T. U.Address of Mrs. Grace Parlette Siffritt To Be One of Closing
Features of Meeting at Local
Church Friday

An address by Mrs. Grace Parlette Siffritt at the closing session will be one of the features of the annual institute of the Marion County W. C. T. U., Friday afternoon and night, at First United Brethren Church.

The afternoon session will open at 2 o'clock with an address of welcome by Mrs. S. L. Stone, of Prospect, county W. C. T. U. president, and with a piano solo by Miss Pauline Zachman, Mrs. W. W. Woodruff will conduct a devotional service, and Mrs. A. M. Wood will give a vocal selection. The roll call will be conducted in the nature of a "Whirlwind" by Mrs. Stone, after which Mrs. Bertha Barkley will give the treasurer's report. Mrs. Stone of Delaware will conduct the question box and Mrs. H. Stevens of Columbia will give a recital. The business session will follow.

Closing Program

At night the program will open with a concert by the orchestra of First United Brethren Church and with a

HISTORY OF FLAG READ
AT MEETING OF CLASS

Thomas Coon, a Boy Scout, gave a "History of the American Flag" at the meeting of members of Duty Bible Class, Wesley M. F. Church, last night at the home of Mrs. Imo Heith, 675 E. Farming-st. Twenty-one members were in attendance and three guests, Mrs. G. A. Whitlock, Mrs. Guy Schroeder and Mrs. Willie Hill. Mrs. Heith and the members of her committee served lunch. The next meeting of the class will be held Tuesday, May 29.

I used them regularly, and in a few days my skin was clear and as soft and velvety as a school girl's." (Signed) Miss Dorothy Marlowe.

Resinol brings quick relief. You try it. At all druggists.

Resinol
DANGER

LOOK LOOK

Your tongue is the best barometer of your physical condition. Look at it every morning before breakfast. If it is coated with white, yellow or brown coloring, and does not have a clean red appearance you are constipated and not well. Heed Its Warning. Consider causes more ailments than all other diseases, and is the result of not having a daily bowel movement. Sick-headache, indigestion, biliousness and sallow complexion follow. Ask your druggist for a 2c red paper package of CARTER'S LITTLE LIVER PILLS "Safe Laxative". Take a dose at night and continue one pill after each meal. Don't stop—until your tongue is clean. You will be surprised at the tonic effect this doctor's formula will have on you.

HOLD SOCIAL

Program Given at Monthly Meeting of
Siffritt Class

Mrs. Morris Kline was in charge of the program presented at the regular monthly social of members of the Siffritt Sunday School Class of Epworth M. E. Church last night in the basement of the church. A committee headed by Mrs. Kline served the lunch.

During the program Miss Janet

Trott was heard in a vocal selection, "A May Morning" by Donza accompanied at the piano by Miss Mary Heinger. Mrs. A. H. Koons gave two accordion numbers, "To a Wild Rose" and "Over the Waves" and Mrs. Koons and daughter, Jane, and accordion and saxophone number, "To My Wild Irish Rose." Miss Laura Mae Collins entertained with a musical reading, "In the Lullaby Way" and with a piano solo, "A Gypsy Love Song." A history of the class was given by the president, Mrs. J. C. Schellier.

In contests honors were awarded Miss Gladys Holst, Mrs. D. P. Schwartz and Miss Ruth Williams. The next regular meeting of the class will be held at the church Tuesday, May 29.

AUXILIARY MEETS

Presbyterian Society Entertained at
Howard Home

Miss Jessie Henderson presided for the devotional service when Misses Jeanette and Hazel Howard entertained members of the Catherine Woods Auxiliary, First Presbyterian Church, last night at their home, 208 E. Washington-av. After the business session a program on "Stewardship" was presented. Miss May Given read a paper, "No Head for Figures But a Heart To Give," Miss Helen Atkinson a paper, "Ask Somebody Else," Miss Elsie Tschannen a paper, "Woman's Stewardship Expressed in Service," and Miss Hazel Powers a paper, "A Partnership, A Penny a Week and a Prayer." A social hour followed when refreshments were served. The next meeting will be held with Mrs. J. W. Hunsley, May 8, at her home, 526 Grand-av.

BAPTIST CLASSES TO
GIVE PENNY SUPPER

Members of the Loyal Daughters and Willing Workers Classes of Emmanuel Baptist Church will give a penny supper Friday night at the home of Mrs. Dessie Mason, 795 N. State-st. It was announced today. They expect to begin serving at 5:30 o'clock. Proceeds from the supper will be used in paying current expenses of the church.

MISS NORMA RILEY
IS HOSTESS TO CLASS

Miss Norma Riley was hostess to members of the T. N. T. Class of First Lutheran Presbyterian Church at their regular monthly meeting last night at her home, N. Seffer-av. After the business session a social hour was enjoyed and in a contest honors were presented Misses Della Wasserbeck and Florence Croft. Lunch was served.

RICHWOOD LODGE
TO PRESENT PLAY

Arrangements for presentation of a play by the Richwood Rebekah Lodge, May 3 at L. O. O. F. Hall, as a benefit for Sosnowski Rebekah Lodge, were made at a meeting of members of that organization at the hall last night. The meeting followed a penny supper, which was well patronized. Two applications for membership were balloted on and routine business transacted. Cards and a social hour were enjoyed after the lodge session.

G. A. R. AUXILIARY
MEMBERS ENTERTAINED

An obligation service for one new member was held at a well-attended meeting of members of Corporal Harris Circle, No. 84, Grand Army of the Republic, yesterday afternoon at Junior Order Hall, W. Center-st. Refreshments were served by the hostesses of the afternoon, Mrs. William Sebergall, Mrs. Nora Moore and Mrs. Mary L. Dugan. The next meeting will be held Tuesday, May 8 at the hall.

Personal
Mention

Mrs. Maud Van Allen, Mrs. Ida Unepher, Mrs. Lena Hammond, Mrs. Mary Minger, Mrs. Lora Carey, Mrs. Ruth E. and Mrs. Hazel Thompson were in Columbia last night attending the Potomac Union meeting.

Mrs. William Hays, Mrs. Martha Hays, Mr. Herman Hays and Mrs. Robert Hays, Mrs. William Hays and children, Betty, Dorothy and Duke, of N. State-st., were visitors Sunday with Mr. and Mrs. Harry Cleveland in Toledo.

Mr. and Mrs. Theodore Scholt of Cincinnati returned to their home Sunday after visiting with his parents, Mr. and Mrs. John Scholt, of Indiana.

Mr. D. L. Clark, of Davidson, returned last night from a business trip in Port Wayne, Ind.

H. A. Rogers of Chicago spent the weekend with Mr. and Mrs. E. L. Leuer and family, S. Greenbush-st.

John Scholt, Oberlin, and Edgar Fisher, S. High-st., returned Monday to Cincinnati where they are juniors in the University of Cincinnati.

Misses Mary E. Richards of Toledo and Edna Schuler of Morral were weekend guests of Miss Leona Thompson, N. West-st.

Mrs. John Thomas, 371 Oberlin-av., returned home Monday after spending the winter with her daughter, Mrs. R. D. Patrick of Akron, and Mr. H. R. Henry of Cleveland. Mrs. Patrick returned home with her for a week's visit.

VISITORS TO APPEAR
IN CHURCH PROGRAM

Miss Donna Bell Ruth of Carlington will give a talk and Mr. and Mrs. Paul Maxwell of Carlington a number in song program at a joint prayer meeting of the adult and young people's departments of Calvary Evangelical Church tonight at the church. Miss Wilma Cline will preside as leader.

CONTESTS ARE FEATURE
OF LEAGUE MEETING

The Luther League of St. Paul's Lutheran Church met Monday night with Miss Ruby Crancer, Cherry-st. Contest honors in games following the business meeting were awarded to Kenneth Seckel and Robert Lindsay. A lunch was served by the hostess. The league will serve lunch to the convention of Lutheran churches at their meeting Sunday.

Social Activities

One of the most delightful social affairs of the city's club calendar was the reception given by members of the Woman's Club complementing Mrs. W. N. Harder, who recently was elected president of the Ohio Federation of Women's Clubs, last night in the ballroom at Hotel Harding. Baskets of spring flowers and greenery arranged an attractive setting for the reception which was attended by more than 300 club women.

Receiving with the honor guest were Mrs. Herman S. Rhu, president of the Woman's Club; Mrs. Chester C. Roberts, president-elect of the club; Mrs. Lewis D. L. president of the Marion County Federation of Women's Clubs; and Mrs. John McNamara, president-elect of the county organization. Mrs. Carl W. Sawyer, also a member of the Woman's Club, will assist Mrs. Harder as corresponding secretary during her term as state officer. During the evening members of the federation sang a number of songs which they gave at the lunch convention last week in sponsoring Mrs. Harder's election.

THE Women's Century Club held its last regular business meeting yesterday afternoon at the home of Mrs. Ray King, Mt. Vernon-av. A short business session was held and the president and her officers were installed. Miss Dorothy Strelitz is president, Mrs. O. W. Gamble, vice-president, Miss Nell Freer, recording secretary, Mrs. Hoover Brown, corresponding secretary, and Miss Mollie Van Meter, treasurer of the club for the coming year.

Later, members went to the Woman's Club reception at the Hotel Harding given for Mrs. W. N. Harder, newly elected president of the Federation of Women's Clubs. Club programs for the year will not be distributed until later.

Mrs. Marion Cheney is
Awarded Bridge Honors

Mrs. Marion Cheney was awarded

Miss Alfreda Jerew
Hostess to 333's

Miss Alfreda Jerew, N. Prospect-av., was hostess to the 333's last night. After a short business meeting, coffee and dancing were enjoyed, contest honors going to Miss Margaret Schlenz and Miss Naomi Doyle was conceded. Miss Jerew was assisted in serving by her mother, Mrs. Catherine Jerew. May 15 the club will meet with Miss Mildred Collins, E. Center-st.

Mrs. F. Hammond
Guest of Club

Yesterday afternoon members of the O. M. E. Club were entertained at the home of Mrs. E. L. Burnison, Windsor-av. Mrs. Frank Hammond was a guest of the club. Mrs. Don Davis won honors in a contest held, after which the hostess served a luncheon. In two weeks the club will meet with Mrs. Davis, N. Main-st.

Bridge Luncheon at Home
of Mrs. E. J. Salter

Mrs. E. J. Salter and Mrs. W. H. Crissinger presided at a one o'clock luncheon of charming appointments yesterday at the home of Mrs. Salter, Ma-

Mrs. Baskets of flowers arranged by the hostess carried out a lovely setting for the luncheon and later were arranged for bridge. Guests included Mrs. J. E. Crawford of Prospect-av. Mrs. George First and Mrs. Ida Kitzinger. The hostesses were assisted by Mrs. Olive Riley and Miss Lena Hallock.

Astoria Club Members
and Guests Meet

Mrs. E. T. Conley and Mrs. H. H. Smith were enrolled as new members at the meeting of members of the Astoria Club yesterday afternoon at the home of Mrs. Ralph Gabriel, Waldo-av. Six tables were filled for progressive bridge awards going to Mrs. Cecil Gabriel, Mrs. Ralph Gabriel and Mrs. M. J. Burke, and Mrs. A. D. Petty and Mrs. H. H. Smith. Mrs. E. T. Conley, Mrs. Melvin Conwell, Mrs. Jack Selanders and Mrs. R. E. Prettyman. The club members will meet in two weeks with Mrs. John Galt, 523 N. Prospect-av.

Tuesday Study Club
Plans for Parties

Two social meetings were planned at the last regular meeting of the Tuesday Study Club yesterday afternoon with Mrs. J. M. Clary, Oak-st. May 15 will be guest day and a picnic will be enjoyed this spring. Roll call yesterday was answered by giving the name of a famous English landmark. "Conditions and Customs of the English People" were reviewed by Mrs. H. Vachon, and "Wedgewood China," English China noted for its beauty, was the subject of Mrs. R. G. Henry's paper. A sketch, "English Gardens," was interestingly discussed by Mrs. H. Peabody. Refreshments were served by the hostess.

England is just taking up the idea of placing numbers on the backs of football players so that spectators may identify them.

Hedric Rech, Mrs. Elizabeth Steinmetz, Mary M. Andrews, Goldie Hendrickson, Lillian Mayo, Dorothy Griffiths, Mildred Jones, Olive Steinmetz, Beatrice Myers and Clifford Lumber, sou, Cecil and Paul Noble, and James Noble were guests.

Mrs. A. F. Files, guest
of Literature Study Club

Mrs. A. F. Files of Maumee, former member of the Literature Study Club, was a guest of the club at its meeting Monday night at the home of Mrs. M. J. Seville, Levee-av. "The Star of Seville, Levee-av." a paper prepared by Mrs. Files for her Monday night. Papers of two of Maeterlinck's works, "Moulin Yanna," and "The Cloud That Lived," were prepared and read by Mrs. C. L. Henney and Miss Grace Babbitt. May 8, the club will hold its last meeting this year with Mrs. Philip Young, St. James-st.

Shower For
Mrs. C. Lumberston

A miscellaneous shower was given last night for Mrs. Clifford Lumberston at the home of her aunt, Mrs. Lulu Little, Ballantine-av. Mrs. Lumberston is the daughter of James Julian who is now living in California, and Mrs. Lumberston is the son of Mrs. Grace Lumberston, 691 Davidson-st. The couple were married the first of the year. Games and music were enjoyed and refreshments served by the hostess, Mrs. Mary Gibson, Mrs. George Brockelsby, Mrs. Elizabeth McDonald, Mrs. Anthony McAndrews, Mrs. Vernon Dutton, Mrs. Grace Runkles, Mr. and Mrs. Alfred Alexander and children, Jane and Maxine, Mrs. John Williams, Mrs.

LADIES' AID GROUP HOLDS
PROGRAM MEET AND TEA

Members of the Mary Queen, Code No. 10, Ladies' Aid Society, Epworth M. E. Church, were entertained at a delightful tea Tuesday afternoon in the junior room of the church. Mrs. J. W. Jolley was chairman of the program which consisted of a short "Miserable Dear," sung by Miss Emily Dale, Wager and Miss Coral Underwood, accompanied at the piano by Miss Bernice Masters, and the novel play, "The Owners in Spain" which has been given several times before with Mrs. Bradley, Dorothy Bush, Margaret Freer, and Betty Brown in the cast. May 29 the circle will hold a picnic lunch at the home of Mrs. W. T. Jones, E. Church-st.

113 N. Main.EVERY MUSICAL SHOW
IN NEW YORK USES LUX
to double the life of stockings

Silk and net costumes, organdie hats, extra-long chiffon stockings—all must be sparkling, to make this gay chorus from Ziegfeld's "Rosalie" so adorable! Marilyn Miller, center

STOCKINGS that shimmer in
the brilliant glow of the foot-
lights—what critical scrutiny they
receive! What strenuous wear!Every woman knows what a prob-
lem it is to keep stockings new—looking—and how vitally impor-
tant, when stockings cost so much.
New York's musical shows face
this same problem, magnified many
times over!Wardrobe mistresses must keep
thousands of dollars' worth of stock-
ings in perfect condition. And
make them last!To find the safest way to
wash silk stockings, different
methods have been tried.
And the fact is disclosed
that stockings washed in Luxwear twice as long! Give twice as
many performances as those laun-
dered by other methods!This means so much in dollars
and cents to the producers of New
York's dazzling musical shows, that
they now insist upon Lux.They all do it
So the wardrobe mistress of every
musical show in New York—with-
out exception—specifies Lux for
washing silk stockings. They buy
it in the blue package you yourself
buy—Lux is never sold in bulk.

FAY ADLER AND TED BRADFORD

Sensational dancers with the "Merry Malones,"
Ballet trills and satin skirts, alike, are kept new-
looking with Lux, in the Coban productions. No
hosiery gets harder wear than the stockings danced
in night after night—yet every musical show doubles
the life of its stockings, saves money, by cleansing
with safe, pure Lux.WOMEN EVERYWHERE use Lux for silk
stockings, as do the wardrobe mistresses
of Broadway. Women know rubbing
with cake soap may fade lovely colors—
that many soaps (whether flakes, chips
or cakes) contain harmful alkali that
weakens fibres. So they make sure of
extra wear—with Lux.Lux Guards the Newness,

LUX KEEPS NICE THINGS NEW-LOOKING TWICE AS LONG

HOOVER FORCES JUBILANT AS SECRETARY WINS

Say Commerce Department Head Cannot Now Be Stopped

Washington, April 25.—Herbert Hoover's forces were jubilantly proclaiming in Washington today that Hoover cannot be stopped.

The decisive victories scored by the cabinet candidate in the Ohio and Massachusetts primaries afforded the basis for their optimism and their confident claims to the nomination at Kansas City.

The exact dimensions of these victories in terms of delegates remain to be disclosed by tabulations in rural districts where the Hoover opposition was strongest, but on the basis of present figures it seems certain that Hoover will have the 50 delegates from Massachusetts and probably 55 of Ohio's delegation of 51.

On that basis, Hoover has boosted his delegate standing to date to approximately 240, with much favorable Hoover territory yet to be heard from. A majority of the Kansas City convention necessary to nominate is 545. The same tables show his nearest rival, Ex-Gov. Frank O. Lowden of Illinois with 171.

Clio Hoover Strength
"Nothing can now stop the nomination of Herbert Hoover," said Ex-Congressman James W. Good, who has assumed office charge of headquarters here. "The Ohio and Massachusetts primaries have given the rank and file of the Republicans the first real opportunity to express their choice. They have done so in no uncertain terms."

"In most of the Ohio districts the machinery was anti-Hoover. The state organization threw the full weight of its influence against him. In full page advertisements in Ohio newspapers, the people were informed that a vote against Hoover meant a vote for Dawes or Lowden or Hughes. It was the field against Hoover and Hoover won."

Hoover's present delegate strength from those states that have acted, and in one way or another signified their choice from the Republican nomination at Kansas City, follows:

Georgia, 16; Iowa, 2; Kentucky, 29; Louisiana, 12; Maine, 15; Michigan, 33; Minnesota, 4; Missouri, 6; New Hampshire, 12; North Carolina, 6; Oregon, 15 (only Hoover filed); Rhode Island, 12; Virginia, 15; Wisconsin, 4. Add to these the 39 from Massachusetts and indicated 55 from Ohio and the total is 240.

States still to act and claimed positively for Hoover are Alabama, 35; California, 29; Colorado, 15; Connecticut, 19; Maryland, 19; Mississippi, 12; New Jersey, 31; Tennessee, 19; Texas, 26; Washington, 17. Total, 200, and grand total of 440.

Fight to Continue
To these claims the Hoover forces add 60 from Pennsylvania and at least 17 from New York, which, it ultimately borne out, would push the commerce secretary across the line with 550, or five more than a majority.

The opposition to Hoover admittedly was somewhat downcast over the situation today, but there was no indication that the fight is to be lessened in any way. On the contrary, it probably will be pursued with renewed vigor now that the seriousness of the situation, from the opposition standpoint, is apparent.

Smith Also Boosted
The same primaries of yesterday, in Ohio, Massachusetts and Pennsylvania, which boosted Hoover's delegate strength also gave a tremendous impetus to the Smith movement on the Democratic side.

Smith's generally accepted delegate strength in those states which have acted prior to yesterday was 362, scattered as follows:

Arizona, 6; Arkansas, 8; Illinois, 50; Iowa, 26; Louisiana, 20; Maine, 12; Michigan, 30; Minnesota, 24; New Hampshire, 8; New York, 40; North Dakota, 10; Oklahoma, 12; Rhode Island, 10; Washington, 14; Wisconsin, 20; Alaska, 6; Philippines, 6; Virgin Islands, 2.—Total 502.

On the basis of yesterday's balloting, it seemed certain today that the New York governor will have the 36 from Massachusetts, an indicated 48 from Ohio after complimentary balloting for ex-Senator Alben Barkley, and his friends claimed at least 60 out of Penn-

GLOBE RACER

Here is the fast Mr. Tachiro Araki of Japan dashing through New York on his globe-gliding race with a countryman for a \$1,500 prize. The two are traveling in opposite directions. Araki caught the S. S. Aquitania "on the fly."

KONJOLA WAS MEDICINE I HAD ALWAYS NEEDED

Says Another Lady; Free of Stomach Trouble She Suffered for Twenty Years

MRS. IRMA ZILE

"Konjola has made a wonderful change in my condition after twenty years of suffering from stomach trouble and I strongly recommend it to others," said Mrs. Irma Zile, 118 South Irwin St., Dayton, Ohio.

"I was troubled with constipation and every meal I ate brought on intense misery. I had awful gas pains and bloating spells. My hands and feet were subject to numbness and I felt like I was paralyzed. I also had terrific headaches and dizzy spells so that I could hardly stand up."

"I started with Konjola and before I had finished the first bottle I noticed that the gas pains and bloating spells were gone. As I continued with this medicine the headaches and dizzy spells left me and my hands and feet finally became normal. Now I feel as tho I have never had a sick day in my life."

Konjola is different than any other known remedy in this section. It contains twenty-two juices extracted from natural plants which invigorate the stomach, liver, kidneys and bowels, to a more healthy action. The effect of Konjola on the entire system brings amazing relief in cases of suffering that had been going on for years. At the same time many weak and rundown systems have been restored to a new state of health through this compound. Such a vast number of men and women in this city have told of their experience with this new medical product until now Konjola is the most highly indorsed medicine that is known in this vicinity.

Konjola is strongly recommended here in Marion at Stump & Sams Pharmacy, and is also being sold by all the best druggists in all towns throughout this section.—Ad.

ANS EXPENDITURES

Railroad Will Spend \$310,000 at Cleveland

April 25—The Erie Railroad will spend more than \$310,000 for the improvement of the Erie line as recommended by J. J. McGowan, president of the road, at a directors meeting in New York it has been learned.

\$120,000 will be expended at yard here and \$190,000 used in remodeling the local line and coach house.

The rehabilitation program includes

the purchase of 25 freight locomotives, one oil electric engine, 25 passenger coaches, three steel box cars, and mail cars, two steel dining cars, modern freight cars, one to New York City harbor, installation of a new block system on the Erie line, and the purchase of a new large freight yard at Port Jervis, N. Y.

TO LAY CORNERSTONE

Beaumont, April 25—The cornerstone of the new Marion Township High School will be laid here May 6. Major J. J. McGowan will be in charge.

Coal Shipments to Docks Are Resumed on Railways Running Through Marion

Fuel Transportation Heavy Despite Strike at Mines: Big Four Announces Special Rates to Cleveland for Sunday

Coal shipments to docks in Toledo and Sandusky over the Hocking Valley and Pennsylvania railroads passing through Marion have been resumed.

In spite of the strike that has existed for some time in Ohio fields, coal shipments to Great Lakes docks have been exceptionally heavy during the fall and spring seasons.

Shipping on the Great Lakes is closed every winter owing to ice but is resumed every year in the latter part of March or early April.

Bargain Rates

Baseball fans will have an opportunity to see Cleveland meet Detroit at bargain rates Sunday. The leading

American League team will meet the Tigers at Cleveland.

Leaving Marion at 4:55 Sunday morning on excursion train is being operated to Cleveland over the Big Four.

In Tournament

C. E. Ackerman, Galion, supervisor of telephones of the Erie Railroad and party of 10 people are in St. Louis competing in a golf tournament sponsored by the road.

Traffic Heavy

Passenger traffic at Union Station both to and from Marion was reported exceptionally heavy over the week-end. Many college students were home for a short vacation.

Start Laying Rails

Work of laying temporary rail over which city and interurban cars of the C. D. & M. Electric Co. will be operated while the north half of W. Center-st is being repaired and widened has been started.

The temporary track starts at the Pennsylvania Railroad running east. Ties are laid on the surface of the street to the south side of the old track.

When work is started on paving the street, traffic will be shut off at the Harding Hotel and Boulevard st. The detour will run to Church-st.

First Circus Train

Spring is here for certain. The first circus train passed through Marion Monday on the Big Four Railroad bound for Cincinnati from Cleveland. It carried the equipment of the

Hagenbeck-Wallace Circus, which will show here in May.

It was announced that the advance agent of the circus was in Marion making arrangements for a stand in Marion during the first week in June.

Recovering from Flu

Mrs. Elmer Reimer, daughter of W. D. Reimer, telephone operator at the Union Depot, is recovering from an attack of the flu at her home in Columbus. Her daughter, who has been under a physician's care, has completely recovered.

Mrs. Reimer returned from Columbus after spending a week at the hotel side of her daughter.

FRIENDS ENTERTAIN AT BIRTHDAY SURPRISE

Monday, April 23, Miss Madeline Gates was pleasantly surprised Saturday night in remembrance of her eighteenth birthday which was Thursday. She was tendered a handsomely shower. Games furnished the amusement for the evening. Refreshments were served. Those who enjoyed the evening at the Gates home were Misses Evelyn Parson, Marjorie Deal, Olive Walters, Elizabeth Washburn, Isabelle Sprague, Mary Hasey, Lucille King, Glendora Kennedy, Margaret Hart, Thelma Shick, Nina Louise Strawser, Frances Wiley and Madeline, Mrs. and Mr. W. H. Brown, Foster Brown, William Snodgrass, Murray Kamm, Ralph Gaudin, Lowell Cates, Donald M. Dwyer, Richard Cates, Forest Cates and Kenneth Cates.

PLAY WILL BE GIVEN BY QUEEN ESTHER SOCIETY

Meeker, April 25—The members of the Queen Esther Society will give a play, "A Woman Who Sings," at their open meeting Sunday night at the Meeker M. E. Church.

The characters are: Mordecai, Frances Wiley, Hannah, Isabelle Sprague, Esther, Louise Cockston, King, LaFerne Jenner, servants, Mary Alice Sloat, and Elizabeth Washburn; others, Virginia Wiley, Mildred Little and Madeline Cates.

LAY SECOND STONE

Beaumont, April 25—For the second time in the history of the Second Presbyterian Church, it will have a cornerstone laying April 29. The church was sold to the Trinity Episcopal congregation when the First and Second Presbyterian congregations were merged and the Presbyterian cornerstone mementoes were removed for placing in the new Presbyterian structure. The Episcopalians will dedicate it to their use April 29 with Rev. J. H. Dushon of New York, former archdeacon in southern Ohio diocese, giving the address.

PLAN CAPACITY OPERATIONS

Youngstown, April 25—Due to large export orders the William B. Pollock Co. plant here is expected to begin capacity operations at once, officials of the concern stated. This concern which recently completed a large shipment of blast furnace equipment for the Mahabub of Mysore, India, have just received an order from the Tata Iron and Steel Co., of Jamshedpur, India, for a train of large capacity roller and hot metal cars.

WILL ADD 500 MEN

Albany, April 25—With its plant working day and night the Triangles-Williams steel forging corporation plant will add 500 men to the night force making a total of 1325 workmen employed by the concern, company officers announced recently. The steel concern manufactures forgings for automobiles and parts for shock absorbers.

REVIVE MAIL SERVICE

Beaumont, April 25—The scheduled suspension of operation, May 1, of the western division of the Ohio River & Western railroad, Ohio's last narrow gauge railway, is necessitating a quick revision of mail service to various Monroe, Noble and Muskingum County towns. Lewisville, Summerville, Kulu, Ethel, Sycamore Valley, Marr and Starford are among the villages affected.

TO DEDICATE CHURCH

Beaumont, April 25—The new Presbyterian Church here will be dedicated May 6. Dr. William O. Thompson, president emeritus of Ohio State University, will give the address. The structure is costing nearly a quarter of a million dollars.

HOOVER AND SMITH CARRY BAY STATE

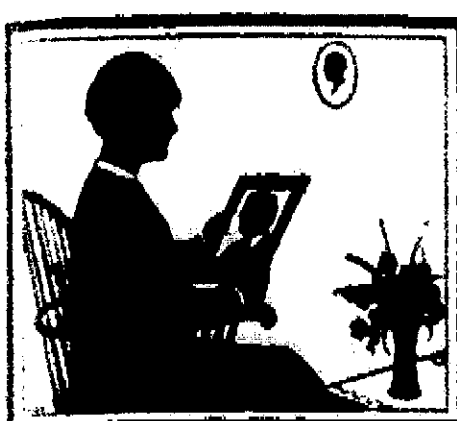

Republican and Democratic Leaders Win in Landslide

April 25—Returns today from the first professional contest that Herbert Hoover and Al Smith had in a landslide.

With only a few cities in the Bay State, the Republican preference was 11,500; the Democratic, 11,710; Hoover, 11,500; Smith, 11,710.

The presence of Smith's name in the Republican vote was explained by the fact that voters for high school and college students.

The Democratic vote in the professional contest for that party was 11,500; Smith, 11,710; Hoover, 11,500.

OHIO'S FINALS FRIDAY NIGHT

Marysville Senior To Represent Marion District at Canton

Canton, April 25—With five young men and women competing, the statewide finals in the International Oratorical Contest will be presented next Friday night at the First Christian Church here.

Contestants will represent the five zones into which Ohio was divided for purposes of the statewide competition. Centers of these zones are the cities where there are Brush-Moore Newspapers—Canton, Steubenville, Marysville, Salem and East Liverpool.

Meet Contestants

The contestants, in the order in which they will appear in the competition are:

Charles Wilhelm, 18 years old, senior in Salem High School.
William Zetter, 18 years old, senior in Marysville High School.
Miss Marjorie Hall, 17 years old, senior in East Liverpool High School.
Delbert E. Nixon, 18 years old, senior in Canton High School.
Miss Doris Lucille Gates, 17 years old, senior in McKinley High School, Canton.

This competition will determine the representative from Ohio who is to go to Troy, N. Y., to compete on Friday, May 11, in a national semi-final contest, where there will be eight students representative of the entire northwestern section of the United States, exclusive of New York City.

Watch for Winner

Winner of the all-Ohio contest will be awarded a watch of no little physical value, and of considerable intrinsic value, suitably engraved, a gift, the contest management follows, which will please its recipient and provide a constant reminder of his or her ability in the field of oratory and in bringing added distinction to the student's high school.

Likewise, the winner of the all-Ohio contest will be taken to Troy as the guest of the Brush-Moore Newspapers. The fortunate student may take a companion, whose expenses also will be met by these newspapers, the companion to be either a parent or the pupil's teacher.

The national semi-final competition will be presented at Troy simultaneously with similar competitions in several other sections of the country. Thus there will be secured eight high school students truly representative of the country at large, who will go to Washington, D. C., on Friday, May 25, to engage in the contest to select the national oratorical champion.

Sail for Europe June 30

On June 30 the eight students who have engaged in the national finals will sail from New York City on the S. S. America, of the United States Lines, for Cherbourg. They will spend eleven weeks abroad touring Continental Europe, visiting the famous places of interest, the operas, the cathedrals and attending the Olympic Games at Amsterdam.

Later in the year—on October 15—the national oratorical champion will return to Washington to engage in the International Oratorical Contest against representatives of England, France, Germany, Mexico, Canada, Japan, Cuba and The Netherlands.

The international contest is the grand climax of the Constitution competition, which now is in its fifth year nationally and its third year internationally—the greatest oratorical competition ever attempted and one in which more than 200,000 students in secondary schools throughout the United States engaged at the outset of this year's eliminations.

The young men and women coming to Canton for the all-Ohio finals Friday night are the survivors of eliminations in their schools, their immediate districts, zones into which these districts were grouped, and lastly, of the section of the state represented by the Brush-Moore newspapers in their immediate territory.

Discuss Constitution

Thus, these students will represent The Canton Repository territory, The Steubenville Herald-Star territory, The Marion Star territory, The Salem News territory and The East Liverpool Review territory.

These students will deliver orations of ten minutes duration. Their subjects are restricted, in substance, to the following: The Development of the Constitution, or the Present Significance of the Constitution.

None of the young men or young women in the competition will be more than 18 years of age. Their orations are their own product. And judging by the type of contest presented Thursday and Friday in the several zone finals, the rivalry for superior honors next Friday evening will be intense, albeit of the most friendly sort.

The strictest procedure will be followed in holding by the three judges to select the winner. Rules governing judging of the contests when they have reached the importance of the all-Ohio finals, are followed everywhere in the country, thus insuring a verdict of the unprejudiced consideration.

In the all-Ohio contest Friday evening there will be three judges—Dr.

SMITH PARTISANS CLAIM 6 DELEGATES IN DEBATE TONIGHT

Also Say Majority of Pennsylvania's Delegation Will Go to Him

Harrisburg, Pa., April 25—Al Smith partisans claimed six of the eight delegates to the Democratic national convention and a substantial majority of the 16 delegates from Pennsylvania on the face of incomplete unofficial primary returns available here today.

The entire administration Republican slate, headed by United States Senator David A. Reed, and for the most part unopposed, was nominated, while Secretary of Treasures Andrew W. Mellon headed the list of seven Republican delegates-at-large chosen to go to Kansas City. The Democratic organization slate was unopposed.

Both party delegations are unopposed, but Al Smith supporters claimed the New York Governor will have the support of at least three quarters of the Democratic delegation.

REVEAL PREDOMINANCE OF IRISH BLOOD IN U. S.

Washington, April 25—A greater predominance of Irish blood as the basis for the American population of today than official records indicated has been disclosed by the American Historical Association.

Results of a research by Prof. Frances Morrissey of Hunter College, showed that the Irish migration from 1846 to 1924, totaled 872,261.

"The inevitable conclusion from a study of all records is that the number of Irish who came to the United States during the famine period was actually much larger than is shown by official British figures, while the number of English and Welsh was correspondingly smaller," Miss Morrissey said.

WIFE SLAYER GETS LIFE TERM IN PENITENTIARY

Kent, April 25—William Madison, 29, who Tuesday entered a plea of guilty to a charge of second degree murder for the slaying of his wife, Josephine, 48, here April 7, last, today faced a life term in the Ohio Penitentiary.

Common Pleas Judge G. B. Newton passed sentence on Madison. A first degree murder charge against Madison was changed to second degree.

SMITH PARTISANS CLAIM 6 DELEGATES IN DEBATE TONIGHT

Also Say Majority of Pennsylvania's Delegation Will Go to Him

Harrisburg, Pa., April 25—Al Smith partisans claimed six of the eight delegates to the Democratic national convention and a substantial majority of the 16 delegates from Pennsylvania on the face of incomplete unofficial primary returns available here today.

The entire administration Republican slate, headed by United States Senator David A. Reed, and for the most part unopposed, was nominated, while Secretary of Treasures Andrew W. Mellon headed the list of seven Republican delegates-at-large chosen to go to Kansas City. The Democratic organization slate was unopposed.

Both party delegations are unopposed, but Al Smith supporters claimed the New York Governor will have the support of at least three quarters of the Democratic delegation.

REVEAL PREDOMINANCE OF IRISH BLOOD IN U. S.

Washington, April 25—A greater predominance of Irish blood as the basis for the American population of today than official records indicated has been disclosed by the American Historical Association.

Results of a research by Prof. Frances Morrissey of Hunter College, showed that the Irish migration from 1846 to 1924, totaled 872,261.

"The inevitable conclusion from a study of all records is that the number of Irish who came to the United States during the famine period was actually much larger than is shown by official British figures, while the number of English and Welsh was correspondingly smaller," Miss Morrissey said.

WIFE SLAYER GETS LIFE TERM IN PENITENTIARY

Kent, April 25—William Madison, 29, who Tuesday entered a plea of guilty to a charge of second degree murder for the slaying of his wife, Josephine, 48, here April 7, last, today faced a life term in the Ohio Penitentiary.

Common Pleas Judge G. B. Newton passed sentence on Madison. A first degree murder charge against Madison was changed to second degree.

DIRECT ACTION
Gas Range—No Bottom in Oven

THURSDAY—FRIDAY—SATURDAY
COME ALL THIS WEEK

Special Cooking Every Afternoon 2 to 5. Saturday Evening 7 to 9.

See and learn the Simple Satisfactory Cooking and Baking Methods with this most wonderful Stove of today.
SPECIAL FACTORY REPRESENTATIVE
Will be here to Show and Explain anything you wish to know.

How to buy a Gas Range—

TAKE ONE GOOD LOOK at the Gas Range. If it has the broiler, the part that requires constant watching when in use, down below the oven, so you have to stoop to look into it, stop right there. The Direct Action Gas Range has a separate broiler, with separate burner above the oven, near the eye-level, entirely independent of the oven. In the Direct Action you can bake slowly and broil quickly at the same time.

In addition, the Direct Action has the famous, exclusive, "Elastic" Oven, that is so easily expanded to greater capacity when needed.

Direct Action ovens have no heavy plates to warp, rust or burn out. They never need pre-heating, because the heat acts directly on the food to be cooked. Come in and see. We'll be glad to explain these features, without obligating you.

Why buy a stove that lasts for years without seeing the most convenient and economical Gas Range—the Direct Action with Red Wheel Self-regulating Oven.

Under the Gas Range has a RED WHEEL NOT A LEAK

EIGHT TO COMPETE IN SCHOOL CONTEST

Final County Declamatory
Event Scheduled Here
Friday Night

Eight contestants representing the winners of the first and second prizes in the declamatory contests of last Friday night, will take part in the final county declamatory event to be held at the Central Junior High School next Friday night. It was announced at the office of County School Superintendent

C. B. Reister, this morning. The eight contestants will represent two groups, one consisting of children from the first to fourth grades and the other, children from the fifth to eighth grades. Winners in the finals today night will be awarded gold and silver medals and in addition the school principal will be presented with a certificate. The musical feature of the Friday night's program will be provided by the Junior High school orchestra under the direction of Miss Ruth Lauer, and will include vocal solo and by Lucille Thomas, soprano; Virginia Linger and Helen Cox and a piano solo by Miss Ruth Lauer.

The program is scheduled to start at 8 o'clock and an admission of 15 and 20 cents will be charged.

CITY BRIEFS

Undergoes Operation—George H. Price, 382 W. Columbia, underwent an abdominal operation at the City Hospital today.

Taken to Hospital—Mr. George Griffith, 171 Cheyenne, underwent treatment at City Hospital, where a shoe was taken last night.

Attend Funeral—Mr. and Mrs. C. A. Gruff, Mr. and Mrs. Ray Laff, Mr. and Mrs. Clifford Miller, Miss Ann Gruff and Charles Gruff, Jr., are to attend today attending funeral services for William A. Gruff, a brother-in-law of C. A. Gruff, who died of high blood pressure Monday night.

Funeral at Delaware—Funeral services are being planned in Delaware today for Mrs. Harriett McLeod, whose death occurred Tuesday morning after an illness of five weeks. She is survived by a son, Irwin M. High and granddaughter, Pauline, of this city.

Child Injured—A car reported to have been from Marion and driven by a Marion man struck a small girl from Jackson's Corners yesterday morning near Troy Chapel, south of Norton, when the child stepped into the path of the automobile. The child, whose last name was reported to have been Moyer, was taken to the June M. Case Hospital in Delaware, where she is suffering from fractures of both bones in the left ankle and both thighs.

Watch Stolen—E. G. La reese, 719 E. Center, reported to the police yesterday that some one had entered

his home and the absence of the family and stolen a gold watch. The timepiece was described as being a Waltham, case No. 59187 and movement No. 1599225.

Building Permits—Building permits were issued by City Clerk Keller yesterday afternoon to J. V. Wilson, 251 S. State, who will build a dwelling on Morris street at \$3,000 and to Perry M. Jones, 205 Windsor at for a garage to cost \$50.

Condition Improved—A continued improvement in the condition of Catherine Schuchman, who underwent a major operation for cancer of the breast at the West Ohio Hospital, Columbus, Saturday morning, was reported in word received from the hospital by friends here this morning.

Gets Life Certificate—A life certificate to teach in Ohio schools was granted yesterday to Miss Vera Shaw, a teacher in the Commercial department of Harding High School. Miss Shaw is a graduate of Harding High School in the class of 1921 and of Ohio College in 1924.

Car Stolen—Mrs. Homer Waddell, 482 S. Vine, reported the theft of a Maxwell sedan to the police last night. The missing car described as carrying Ohio license A20 267, was taken from Orchard-st near the Harding hotel. Police departments of the surrounding cities were notified of the theft.

BALLOT ON CANDIDATE—One candidate for membership was balloted on and routine business transacted at the meeting of members of Mary A. Canfield Council, No. 210, Daughters of America, last night at Junior Order Hall, W. Center-st. The next regular meeting will be at the hall in two weeks.

**MISS ELLA KINNEAR
DIES AT HOME HERE**

Passes Away Following Week's Illness of Heart Trouble

Miss Ella Frances Kinnear, daughter of the late Mr. and Mrs. William E. Kinnear and a granddaughter of Rev. Andrew Kinnear, one of the founders of Epworth M. E. Church, died at 2 o'clock yesterday afternoon at her home, 190 S. State-st, after a week's illness of heart trouble.

Miss Kinnear resided with her widowed sister, her sole survivor, Mrs. J. W. Henderson. Her parents were William E. and Mary Ann Graham Kinnear. Her father was born in Pickaway County and her mother in Vermont. Both are dead. She was a member of the M. E. Church.

After funeral services at the Schaffner-Queen Funeral Home, E. Center-st, at 10 o'clock Thursday morning, the body will be taken to Fremont for burial. Dr. B. L. George, pastor of Epworth M. E. Church, will officiate.

**MRS. H. W. JOSEPH
CLAIMED BY DEATH**

Wife of Former Marion Merchant Passes Away in Findlay

Word was received here this morning of the death of Mrs. H. W. Joseph, who lived in Marion until the last few years. She died at her home in Findlay after an illness of only a few days.

Her husband while in Marion was associated with the Joseph Hardware Co., and her daughter, Miss Hilda Joseph, was a teacher in the English department at Central Junior High School.

PLAN MEMORIAL

Red Men to Hold Services at Hall on June 12

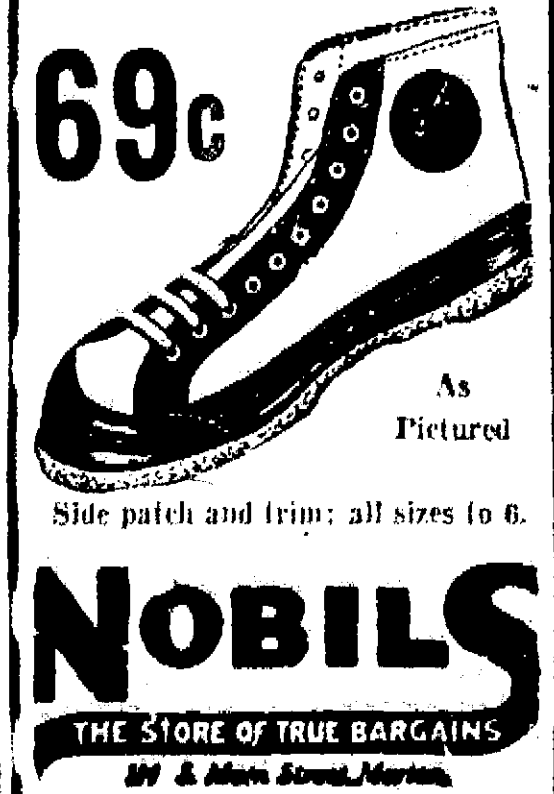

Plans for a memorial day services for deceased members of the lodge were made at a meeting of members of Red Men's lodge last night at their hall, S. Main-st. The service will be held Tuesday, June 12, at the hall. Further arrangements for the ceremonies at that time will be made by a committee comprised of E. S. Laxton, Jean Miller, and Carl Koenig. There was good attendance. The next regular meeting of the organization will be held at the hall in one week.

Dependability, Satisfaction and Honest Value!

Never before in our history have we delivered as many new Chevrolets as during the first three months of this year. Naturally a large part of this increased business required the trade-in of the new Chevrolet owner's previous car. These cars have been reconditioned with the result that many of them can hardly be distinguished from new cars.

Furthermore, these cars carry the official red tag "with an OK that counts" which shows the true condition under which the car is offered for sale.

Come in and inspect these used cars, and when you buy from us you may do so, confident that we want your goodwill, the same as we now enjoy with Chevrolet owners in this community.

USED CARS

"with an OK that counts"

A Few of our exceptional Used Car Values "with an OK that counts"

CHEVROLET 1927 SEDAN
(No. 1830)

A very late model; 5 Balloon tires that show no wear; also wheels, bumpers. Duo finish; must be seen to be appreciated; only run 8,000 miles. Practically a new car at a used car price—only \$105 Cash and \$50.00 a month for 12 months.

WITH AN O. K. THAT COUNTS

FORD 1925 ROADSTER \$125.00
(No. 1683)

Good rubber, new paint, side and rear tire carriers, spare tires; one whole summer transportation; \$50 down; balance monthly.

FORD 1925 COUPE \$175.00
(No. 1795)

5 good Balloon tires, two of them new Goodyears, motorometer, lock wheel, new Duo and very best condition; \$70.00 Cash, balance monthly.

CHEVROLET 1926 COUPE \$325
(No. 1702)

Bumpers, 4 practically new tires and a spare, spotlite. Disc wheels, clean inside and looks like new outside; \$120 Cash, balance monthly. C. M. A. C. terms.

WITH AN O. K. THAT COUNTS

CHEVROLET 1927 COACH \$150
(No. 1684)

All good rubber, Goodyear equipped; only run 7,000 miles; can't be told from a new car; easy General Motor terms.

WITH AN O. K. THAT COUNTS

CHEVROLET 1926 COUPE \$325
(No. 1698)

Heater, motorometer, new Duo finish, 5 good tires; an exceptional buy—and look at the price. Low down payment and General Motors monthly payments.

WITH AN O. K. THAT COUNTS

CHEVROLET 1926 SEDAN \$125
(No. 1672)

5 good tires, heater, bumpers, A-1 condition. Can't be told from a new car. "Jew" ever hear of a good sedan like this for so little money? C. M. A. C. terms.

WITH AN O. K. THAT COUNTS

CHEVROLET 1926 SEDAN \$100
Two to choose from.
(No. 1727 and No. 1761)
